A special thank you to Dr Robert Tchounzou - the WOMAN trial National Coordinator in Cameroon for all his assistance with the recent trial meeting.

A big thank you to the three hospitals we were lucky enough to visit - Hospital Laquintinie de Douala, Kumba District Hospital and Limbe Regional Hospital. We really valued seeing how the trial is carried out at each site!

Special commendation to Dr Etienne and his team at Kumba District Hospital on having no audit findings at their hospital!
