

# THE WOMAN TRIAL IN PAKISTAN

**Congratulations  
Team Pakistan!  
OVER 15,000 PATIENTS  
RECRUITED  
3,000 (20%) FROM PAKISTAN**

**We now need everyone to put in the final push:** We have one more year of recruitment and have just under 5,000 patients to enrol.

There has been a reduction in recruitment in Pakistan and we now need everyone to put their best effort in making sure the trial is delivered on time. We know that this will be a difficult year – we have a huge target but it can be easily achieved as we have enough collaborators in Pakistan to make sure this happens.

*A huge thank you to all for their amazing work – we know this excellent collaborative group will do their best. Haleema, on behalf of the Trial Coordinating Centre Team*
